Brussels
23-26 September 2024

**S1000D &
IPS USER
FORUM
2024**

The most significant event in the realm of Integrated Product Support (IPS), S1000D, and the S-Series specifications

Bringing together industry leaders, solution providers, and practitioners from across the globe

1. **A diverse range of sessions**, including keynote speeches, panel discussions, product demonstrations, and technical workshops
2. Engage with **top-tier solution providers** and understand the latest developments in the field of IPS solutions
3. **Real-world use cases** from the entire S1000D & S-series IPS Specifications ecosystem
4. **Connect** with experts, practitioners, and visionaries who are actively shaping the future of S1000D & the rest of the S-series IPS Specifications
